Semester One Learning Reports and Parent - Student - Teacher - Conferences

In response to changes to the learning and teaching environment during COVID-19, schools have needed to adjust their assessment and reporting processes. The Semester One report, which you will receive at the end of the term, will look different whilst still providing you with valuable information about your child's learning, complying with government requirements. The report will recognise and reflect each student's learning in three key areas: Religious Education, English and Mathematics. The 2020 second semester report will return to reporting on all key learning areas with comparative data and A-E reporting (Grades 1 - 6).

Our parent-student-teacher conferences will also be a little different. The focus will be reviewing the student's achievements and where to next for their learning journey throughout Semester 2. These conferences will occur throughout Term 3. Your child's teacher may contact you for a conference, or you may contact the teacher. The conference can be a face to face meeting, a phone conversation or a zoom meeting. A reminder about these conferences will be in the newsletter each week next term.

End of Term

As Term 2 draws to a close, I want to thank our community for working in partnership to educate the children and keep them safe and healthy.

I pray that everyone has a great holiday and we all return in Term 3 well rested and happy.

Barbara Young

History of St Oliver's

In 1940 a second floor was added above the Church to add more classrooms as the school expanded. In the 1950's and 1960's, extra land was purchased next to the Convent. John Brown Cottage (this was next to Kenilworth House) was also purchased to accommodate extra classes.
